TYPE APPROVAL CERTIFICATE

Certificate No.:	TA-21-0457
Date of issue:	2021-11-30
Valid until:	2026-11-29
Manufacturer:	Example Hydraulics Ltd.
Contact:	cert.team@example-hydraulics.test
Product:	Hydraulic cylinder
Type designation:	HC-100 series
Bore diameter:	40 - 200 mm
Rated pressure:	350 bar
Test pressure:	525 bar
Operating temperature:	-20 to +80 deg C
Rules:	Rules for Classification, Part 4 Chapter 7 (edition July 2020)
Application:	Steering gear and deck machinery
Place of manufacture:	Plant 1

Conditions of approval:

1. Each cylinder shall be pressure tested at 1.5 x rated pressure.
2. Material certificates shall be type 3.1 according to EN 10204.
3. Marking shall include type designation and serial number.
